

Help the BPS Budget with Donations!

Donations for BPS can go through a group called Boston Educational Developmental Foundation. They accept donations for any amount from 1 cent to millions of dollars.

Visit:

<https://donatenow.networkforgood.org/bedf>

For donations you can specify where you want the money to go. You can write "For direct school funding" if you want your money to only help school budgets.

People to Donate:

- Yourself (any amount you can afford)
- Ask your employer (if you work in Boston)
- Ask Boston organizations that you have memberships with
- Ask businesses and organizations in your community
- Ask friends and family

On the other side is information you can share.

Feel Free to improve on this and make your own materials

Thanks for your help!

Lisa Jeanne Graf, BPS parent

The Boston Public Schools Need **Your Help!**

Boston Public Schools currently has a budget shortfall that will cut money from all schools with High Schools getting hit the hardest. The cuts will also impact students with special needs, and with emotional impairments the most as their per pupil spending will go down. Since City and State aid is currently not enough to avoid these cuts, I wondered what other options were available. Donations were one source that I thought was worth pursuing. BPS has it's fund raising done by a group called Boston Educational Developmental Foundation. <https://donatenow.networkforgood.org/bedf>

A number of organizations in Boston either pay very little in taxes or have an interest in Boston having a well educated work force. I would love to see hospitals, businesses, colleges, and non profits step up. Also I recommend that parents and concerned citizens donate what they can as well as ask their employers to pitch in. The BEDF website makes it easy to make a donation of any amount. I recommend that in the section where you type how you want your donation to be dedicated you write "**To fund school budgets.**" Thanks in advance to all who help the students of BPS.

Thanks for your help!
